

FEED WEIGHER

Product code: 450-00080

It's all about accuracy when it comes to scales. The Zaxe feed weighing system is designed for accurate continuous or batch weighing.

When you need a precise amount of feed delivered, don't think of anything else but the Zaxe Feed Weigher!

Our system is equipped with fixed supports and load cells, for a maximum batch capacity of 400 lbs at a time. Can be in continuous or batch feeding modes.

- ✓ Maintains genetic standards for optimal production.
- ✓ Reduces feed loss.
- ✓ Decreases maintenance costs / Less wear.
- ✓ Highest total capacity in the industry.
- ✓ Made of high grade stainless steel for extreme environmental resistance and longevity.

- ✓ Accuracy
- ✓ High quality actuators
- ✓ Scale designed entirely in stainless steel
- ✓ Plastic cover
- ✓ 3-year warranty
- ✓ Tolerate extreme weather conditions
